

Call for lecturers
32nd VH yeast conference April 15-16, 2019
Baking with yeast(s)
at Inselhotel Potsdam-Hermannswerder

Are you participating in the baking of tomorrow?
In an ever-changing industry that is feeding the world, competition is just a grain away. You are an expert in baked snacks, additives, or baking (yeast) technology? Then give our participants a lift ahead.

Dear Ladies and Gentlemen,

we kindly invite you to present at the 32nd VH Yeast Conference, focusing on “Baking with Yeast(s).”

The VH yeast conference is the peer-group meeting of yeast technologists and gathers about 90 people from industry, suppliers and academia.

You are invited to give a lecture/present a poster on the topic suggested, with a specific focus of your choice, and furthermore give a short presentation of your institution.

Contributions should be covering one of the following topics:

- Yeast strain selection for special dough applications (depending on flour type, sponge and/or sour dough)
- Mixed & rare yeast strain baking experiences

General topics include:

- Applied research topics & project notes
- Advances in yeast production & process units
- Quality requirements and analytical solutions

We would appreciate to receive your title/abstract within the next 10 days, by December 21, 2018. Your lecture can take 25' + 5' for questions from the audience. If you are not available this date, please forward our request (and lead) to your colleagues. If any young scientists would like to present a poster (5' short lecture) on their current work, please encourage them to contact us.

Conference fees:

You are invited on both conference days free of charge, as well as for accommodation, the conference itself and evening program. Co-authors may participate at reduced fees of 290€. Travel costs get reimbursed.

If any questions remain, please contact us via e-mail.
Thank you in advance!
